

Project Management Bootcamp (with work experience)

This project management course aims to give participants a comprehensive understanding of project management principles, frameworks and tools and their application, and **practical work experience** to help you kick start your career as a Project Manager.

READ MORE

Overview

This project management course is designed to provide participants with a comprehensive understanding of project management principles, frameworks, practices, and tools as well as provide them with practical experience on projects lifecycle, from project initiation to project completion.

Participants will have the opportunity to apply their learning to real-world projects and receive guidance and feedback from experienced project management professionals.

Who is the course for?

The course suits individuals new to project management and those with some experience who want to enhance their skills and knowledge. The course equips you with skills and experience in project management, from project initiation to closure.

What is the Learning Outcome?

Participants will learn to define project scope, develop project schedules, manage risks, and communicate effectively with stakeholders. You also learn about project budgeting, resource allocation, quality management, and change management.

In addition, the course would allow you to deliver projects using the in-demand project management frameworks such as Waterfall and the Agile project management methodologies.

You will also gain proficiency in in-demand project management tools and technologies, such as MS Project, JIRA, etc.

You will also apply your learning working on real-life projects, developing actual reports, documents and deliverables expected of a project manager whilst collaborating with other project stakeholders such as Business Analysts, Developers, Subject Matter Experts, End users, etc. and receive guidance and feedback from experienced project management professionals.

Why choose our Project Management Bootcamp?

Here is why this boot camp stands out from other programs:

- **Comprehensive and Regularly updated Curriculum:** The RKY Project Management Bootcamp covers all aspects of project management, including project initiation, planning, execution, monitoring and controlling, and project closure.
- **Hands-on work Experience:** Our Bootcamp allows you to work on real projects, gain practical experience, and build collaborative and stakeholder management skills. You will work on real projects, gain valuable experience, and develop your network of professionals. The course is divided into 2 sessions, **virtual classroom sessions** and the **virtual practical work experience** part of the training. You will be grouped into teams to deliver a project, managing the project from Initiation to Closure. Projects run for 8 weeks approximately, depending on the project, and you will get support and guidance through the project lifecycle.
- **Industry Experts:** Our facilitators are seasoned project managers who have worked in various industries and have extensive knowledge of the latest project management techniques and methodologies. You will learn from the best in the field and gain insights into the real-world challenges project managers face.
- **Interview Preparation:** A one-off group session with industry experts on scaling interviews for the target role.
- **Virtual Training Access:** Our virtual training allows you to participate in classes from Anywhere in the world.
- **Access to our user-friendly LMS:** You will gain access to a user-friendly Learning Management System(LMS), a repository for learning materials, and valuable videos on course-related and general knowledge.
- **Globally Recognised Certificate of Completion:** You will gain a UK CPD-accredited certificate. This is a tangible way to demonstrate your mastery of project management skills to potential employers. It will give you a competitive edge in the job market and open new career opportunities.
- **UK Job Reference:** Upon completing the Project Management Bootcamp, you will get job references to attest to your newly acquired skills and experience working on and delivering an end-to-end project within the bootcamp. This reference will help you advance your career, break the barrier of not having Uk or international work experience, and demonstrate you have the hands-on experience to do the next potential job.
- **Leverage our Best CV & LinkedIn Optimisation Services:** You get the RKY Careers rebranding services to help demonstrate your newly acquired skills and land your desired jobs. RKY Careers is an **expert at delivering well-tailored and personalised career rebranding services** for professionals across all career stages, from early career starters with little or no professional experience to career changers, managers and executives.

In 2022, we helped over **50+ project management professionals** secure their dream jobs globally, including Visa sponsorship jobs.
